

The mental health care you deserve.

Lucet Behavioral Health Program

We know prioritizing your mental health is tough—and even tougher to find an available provider who's the right fit. That's why your Florida Blue health plan has partnered with Lucet to guide you to the right provider or behavioral health resources.

We're your partners in health.

- Understand your behavioral health needs and benefits.
- Locate in-network behavioral health providers, specialty doctors and treatment facilities.
- Connect with those in your community that can support your mental well-being journey.
- Coordinate care with your providers.

Connect to support

Visit [LucetHealth.com/members/resource](https://www.lucethealth.com/members/resource) to access self-help and screening tools and find community resources for things like addiction, child abuse, employment, food pantries, military families and parenting.

You can reach us at 866-287-9569. Based on the unique needs of each member, you may be transferred to one of our specialty service teams below.

Specialty services

Care Management Program

Work with a licensed behavioral health clinician who can help you identify your needs, create a treatment plan and coordinate with your providers.

Autism Resource Program

Care managers specially trained in treating autism spectrum disorder can assist you through the process of obtaining a diagnosis and authorizing treatment.

Substance Use Disorder Clinical Response Unit

Licensed clinicians can assess your needs, share information about evidence-based treatment options and assist you through the process of obtaining care.

Lucet supports treatment for:

- Depression
- Anxiety
- Substance Use Disorder
- Attention Deficit Hyperactivity Disorder
- Autism Spectrum Disorder
- Bipolar Disorder
- Schizophrenia

◆ The Answer to Behavioral Health's Access Problem

Navigate & Connect is our solution for health plans, combining the industry's largest team of care navigators with technology built on 20+ years of clinical research. Our tech platform connects with in-network providers to allow real-time appointment scheduling for our members – in one phone call. In fact, Navigate & Connect is proven to successfully identify and connect people across the entire acuity spectrum with the right care in less than 5 days on average, and often in as little as 1 day. Call us today at 866-287-9569 to get your appointment scheduled for an in-person or virtual visit with a behavioral health provider.

Your mental health matters.
