

## Flood Claim Deadline Update

The National Flood Insurance Program has extended the proof of loss requirement for their policyholders who suffered flood damage from Hurricane Helene from the standard 60 days to 120 days from the date of loss. It's crucial to file a proof of loss form within this timeframe, as failure to do so may result in denial of coverage. If you have excess flood coverage, please check your policy form for specific claim reporting requirements.

Please be mindful of this deadline, especially if you are uncertain about damages or are unable to return to the area promptly. If it's safe to do so, we recommend asking a friend or family member to inspect your property.

If you have already reported a flood claim, we appreciate your prompt action. Please make sure to obtain your claim number for documentation purposes.

If you have any questions, please don't hesitate to reach out to your W3 advisor.
